

TM-838 TIME CLOCK SYSTEM

WITH RFID BADGE, FACE RECOGNITION OR PIN

TimeMoto's intelligent TM-838 terminal combines the latest RFID proximity reader and dual camera 3D face recognition with PC software for single PC use or TimeMoto Cloud. Choose TimeMoto Cloud for instant synchronization from any location at any time. 3D face recognition for higher accuracy and immediate user verification. Powerful tools at your fingertips to efficiently manage your workforce.

The TM-838 time clock system is designed to accommodate the time attendance and workforce management requirements for companies with up to 2.000 employees. With its 3.5" TFT display, 1.2 GHz Dual Core processor and built-in RFID reader, it ensures reliable, instant authentication. Equipped with dual camera 3D face recognition technology for fast and immediate user verification. Its memory capacity stores up to 100,000 logs.

POWERED BY THE CLOUD

TimeMoto Cloud enables you to handle all your timesheets, scheduling and reporting from any location, whenever you need it. Our TimeMoto system includes a TimeMoto Cloud Plus 30-day trial. Giving you the opportunity and time to discover TimeMoto Cloud's many advantages before choosing a subscription.
