

# ProClick Pronto

## P3000 Automated Binding Solution

Increase your print finishing productivity and profit returns with the revolutionary ProClick Pronto. This automated desktop binding unit creates bound documents in seconds - without special operator training. Differentiate your offering with ProClick binding: it is easy to edit, stylish, and lies flat for ease of use. Pre-loaded cassettes enable you to bind quickly. ProClick P3000 - an all-in-one punch and binding solution.

### Features and Benefits

#### Easy-to-Use

- Simple operation; no user training is required to effectively operate the ProClick Pronto.
- LCD user-interface provides easy-to-follow instructions as you operate the machine.
- Document sizer ensures the correct element selection every time.
- Document alignment light guides document alignment to create the perfect bind.
- Virtually maintenance free; no special cleaning or gear oils needed.

#### Quick Production

- Six-second cycle enables binding of up to 450 books per hour.
- Intuitive setup-and-bind procedure facilitates rapid creation of multiple books.
- Pre-loaded spine cassettes eliminate the need for loading individual binding elements.

#### Sleek Supply

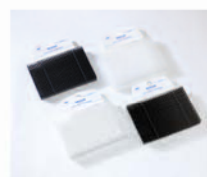

- Loaded onto a timesaving cassette, the patented ProClick binding element adds a professional flair to documents.
- ProClick elements can be easily opened to remove/add pages and then closed.
- Pages lie flat and rotate 360 degrees.

- Integrates a robust punching mechanism with easy one-button binding capabilities.
- Binds quickly with the touch of a button.
- Improves the workflow and output of high-volume print finishing environment.
